KIDUS'S CV

Kidus Tekeste
Software Engineer

Career Note

Experienced Full-stack Java/Kotlin developer with over 4 years of hands-on experience on enterprise software development by implementing complete software development life cycle phases.

Work Experience

Languages: Java 8, Kotlin

Web Services: RESTful API, Microservices

Design Patterns: Dependency

Injection, Dagger1, Dagger2, Adapter, Observer, Factory, MVP, MVC, MVVM

SDLC: Agile/Scrum, Test-Driven Development

About Me

Experienced Full-stack Java/Kotlin developer with over 4 years of hands-on experience on modern Java-based technologies, mainly using Spring and Hibernate with databases like oracle, plsql, MySQL, and MongoDB. I used ReactJS for front-end development. I have worked on business domains like construction, internet-of-things, hospitality, health, e-commerce and agriculture. I am a very good team player and quick learner.
